

Subject line: **Enjoy another perk of being paperless**
Preheader: **Digital ID cards make care more convenient**

Health plan ID cards are going digital starting November 2023

Because you’ve selected to go paperless, we’re enhancing your experience by including a digital ID card. No more digging through your wallet to find your card — your health plan info will be easily accessible anytime, anywhere on the **UnitedHealthcare® app**. For another secure way to store and view your health plan details, add it to your smartphone’s digital wallet.

How does the digital ID card work?

Your digital ID card works exactly the same as a physical ID card. Simply show it at a doctor’s office, clinic, pharmacy or wherever benefits information needs to be presented.

Prefer to receive your health plan ID card physically?

Visit the **UnitedHealthcare app** or **myuhc.com®** to adjust your preferences.
