

**Mission:**

The Rural Parish Clinic of the Archdiocese of St. Louis, through participation in the healing ministry of Jesus Christ, provides primary medical and dental care to uninsured, income qualifying patients in the rural communities of the Archdiocese of St. Louis.

Clinics operate solely through time and talent of licensed volunteers and rely completely on donations to provide care in rural areas. There are no charges for any services we provide to the *uninsured, income-qualifying individuals. Medical serves between the ages of 19-65, and Dental serves 15yrs-up.*
