# For Missionaries and Those Who Go Where Others Cannot

We pray for all who have dedicated their lives to mission, who build bridges across cultures and communities. We give thanks in a special way for the life and legacy of **St. Rose Philippine Duchesne**, the *"Woman Who Is Always Praying,"* whose contemplative spirit and missionary zeal brought the light of Christ to the frontiers of our region. Through her intercession, may we persevere with courage and love, and become people of deep prayer and joyful missionary discipleship.
