The term Spouse includes the following:

- The Participant's legal Spouse to whom the participant is married as recognized by the laws of the Catholic Church or the laws of the State of Missouri. It is always understood for this purpose that the spouse is of the opposite sex.

Note: Your Dependents may not enroll in the Plan unless you are also enrolled. In addition, if you and your Spouse are both covered under the Plan, you may each be enrolled as a Participant or be covered as a Dependent of the other person, but not both. In addition, if you and your Spouse are both covered under the Plan, only one parent may enroll your child as a Dependent.

How to Enroll

You must enroll or waive the Archdiocese of St. Louis medical plan within the first 31 days that you may become eligible.

Enrollment is required within 31 days of the date you first become eligible for coverage. If you have questions about the enrollment or waiver process, please see your Benefits Representative. If you do not enroll within 31 days, you will need to wait until the next annual Open Enrollment or a qualified life event to make your benefit elections.

Each year during annual Open Enrollment, you have the opportunity to review and change your medical election. Any changes you make during Open Enrollment will become effective the following July 1.

Important

If you wish to change your benefit elections following your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact your Benefits Representative within 31 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

When Coverage Begins

Once your Benefits Representative receives your properly completed enrollment, coverage will begin the First Day of the Month after Date of Hire. Coverage for your Dependents will start on the date your coverage begins, provided you have enrolled them in a timely manner.

Coverage for a Spouse or Dependent stepchild that you acquire via marriage becomes effective the date of your marriage, provided you notify your Benefits Representative within 31 days of your marriage. Coverage for Dependent children acquired through birth, adoption, or placement for adoption is effective the date of the family status change, provided you notify your Benefits Representative within 31 days of the birth, adoption, or placement.

If You Are Hospitalized When Your Coverage Begins

If you are inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, the Plan will pay Benefits for Covered Health Services related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Plan.

You should notify UnitedHealthcare within 48 hours of the day your coverage begins, or as soon as is reasonably possible. Network Benefits are available only if you receive Covered Health Services from Network providers.

Changing Your Coverage

You may make coverage changes during the year only if you experience a qualifying event as defined by the IRS. The change in coverage must be consistent with the change in status (e.g., you cover your Spouse following your marriage, your child following an adoption, etc.). The following are examples of qualifying life events defined by the IRS.

- your marriage, divorce, legal separation or annulment;
- the birth, adoption, placement for adoption or legal guardianship of a child;
- a change in your Spouse's employment or involuntary loss of health coverage (other than coverage under the Medicare or Medicaid programs) under another employer's plan;
- loss of coverage due to the exhaustion of another employer's Continuation of Coverage Plan benefits, provided you were paying for premiums on a timely basis;
- the death of a Dependent;
- your Dependent child no longer qualifies as an eligible Dependent;
- a change in your or your Spouse's status or work schedule that impacts eligibility for health coverage;

- contributions were no longer paid by the employer (this is true even if you or your eligible Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer);
- you or your eligible Dependent who were enrolled in an HMO no longer live or work in that HMO's service area and no other benefit option is available to you or your eligible Dependent;
- benefits are no longer offered by the Plan to a class of individuals that include you or your eligible Dependent;
- termination of your or your Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage as a result of loss of eligibility (you must contact your Benefits Representative within 60 days of termination);
- you or your Dependent become eligible for a premium assistance subsidy under Medicaid or CHIP (you must contact your Benefits Representative within 60 days of determination of subsidy eligibility);
- you or your dependent enroll in Medicare.
- a strike or lockout involving you or your Spouse; or
- a court or administrative order.

Unless otherwise noted above, if you wish to change your elections, you must contact your Benefits Representative within 31 days from the qualifying event . Otherwise, you will need to wait until the next annual Open Enrollment.

While some of these changes in status are similar to qualifying events under Continuation of Coverage, you, or your eligible Dependent, do not need to elect Continuation of Coverage to take advantage of the special enrollment rights listed above. These will also be available to you or your eligible Dependent if Continuation of Coverage is elected.

Note: Any child under age 26 who is placed with you for adoption will be eligible for coverage on the date the child is placed with you, even if the legal adoption is not yet final. If you do not legally adopt the child, all medical Plan coverage for the child will end when the placement ends. No provision will be made for continuing coverage (such as Continuation of Coverage) for the child.

Change in Family Status - Example

Jane is married and has two children who qualify as Dependents. At annual Open Enrollment, she elects not to participate in Archdiocese of St. Louis's medical plan, because her husband, Tom, has family coverage under his employer's medical plan. In October, Tom loses his job as part of a downsizing. As a result, Tom loses his eligibility for medical coverage. Due to this family status change, Jane can elect family medical coverage under Archdiocese of St. Louis's medical plan outside of annual Open Enrollment.

SECTION 3 - HOW THE PLAN WORKS

What this section includes:

- Accessing Benefits.
- Eligible Expenses.
- Annual Deductible.
- Coinsurance.
- Out-of-Pocket Maximum.

Accessing Benefits

As a participant in this Plan, you have the freedom to choose the Physician or health care professional you prefer each time you need to receive Covered Health Services. The choices you make affect the amounts you pay, as well as the level of Benefits you receive and any benefit limitations that may apply.

You are eligible for the Network level of Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services.

You can choose to receive Designated Network Benefits, Network Benefits or non-Network Benefits.

Designated Network Benefits apply to Covered Health Services that are provided by a Network Physician or other provider that is identified as a Designated Provider or Physician. Only certain Physicians and providers have been identified as a Designated Provider or Physician. Designated Network Benefits are available only for specific Covered Health Services as identified in Section 5, *Plan Highlights*. When Designated Network Benefits apply, they are included in and subject to the same Annual Deductible and Out-of-Pocket Maximum requirements as all other Covered Health Services provided by Network providers.

Network Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider.

Non-Network Benefits apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider or Covered Health Services that are provided at a non-Network facility.

Emergency Health Services provided by a non-Network provider will be reimbursed as set forth under *Eligible Expenses* as described at the end of this section.

Covered Health Services provided at certain Network facilities by a non-Network Physician, when not Emergency Health Services, will be reimbursed as set forth under *Eligible Expenses* as described at the end of this section. For these Covered Health Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital

outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center as described in section *1833(i)(1)(A) of the Social Security Act*, and any other facility specified by the Secretary as defined by the *No Surprises Act* of the Consolidated Appropriations Act.

Air Ambulance transport provided by a non-Network provider will be reimbursed as set forth under *Eligible Expenses* as described at the end of this section.

Ground Ambulance transport provided by a non-Network provider will be reimbursed as set forth under *Eligible Expenses* as described at the end of this section.

You must show your identification card (ID card) every time you request health care services from a provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under the Plan. As a result, they may bill you for the entire cost of the services you receive.

Generally, when you receive Covered Health Services from a Network provider, you pay less than you would if you receive the same care from a non-Network provider. Therefore, in most instances, your out-of-pocket expenses will be less if you use a Network provider.

If you choose to seek care outside the Network, the Plan generally pays Benefits at a lower level. You are required to pay the amount that exceeds the Eligible Expense. The amount in excess of the Eligible Expense could be significant, and this amount does not apply to the Out-of-Pocket Maximum. You may want to ask the non-Network provider about their billed charges before you receive care.

Health Services from Non-Network Providers Paid as Network Benefits

If specific Covered Health Services are not available from a Network provider, you may be eligible to receive Network Benefits when Covered Health Services are received from a non-Network provider. In this situation, your Network Physician will notify UnitedHealthcare, and if UnitedHealthcare confirms that care is not available from a Network provider, UnitedHealthcare will work with you and your Network Physician to coordinate care through a non-Network provider.

Looking for a Network Provider?

In addition to other helpful information, **www.myuhc.com**, UnitedHealthcare's consumer website, contains a directory of health care professionals and facilities in UnitedHealthcare's Network. While Network status may change from time to time, **www.myuhc.com** has the most current source of Network information. Use **www.myuhc.com** to search for Providers available in your Plan.

Network Providers

UnitedHealthcare or its affiliates arrange for health care providers to participate in a Network. At your request, UnitedHealthcare will send you a directory of Network providers free of charge. Keep in mind, a provider's Network status may change. To verify a provider's status or request a provider directory, you can call UnitedHealthcare at the number on your ID card or log onto **www.myuhc.com**.

Network providers are independent practitioners and are not employees of Archdiocese of St. Louis or UnitedHealthcare.

UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling UnitedHealthcare. A directory of providers is available online at **www.myuhc.com** or by calling the number on your ID card to request a copy. If you receive a Covered Health Service from a non-Network provider and were informed incorrectly prior to receipt of the Covered Health Service that the provider was a Network provider, either through a database, provider directory, or in a response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for Network Benefits.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits. However, if you are currently receiving treatment for Covered Health Services from a provider whose network status changes from Network to non-Network during such treatment due to expiration or nonrenewal of the provider's contract, you may be eligible to request continued care from your current provider at the Network Benefit level for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact UnitedHealthcare at the number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract with UnitedHealthcare to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of our products. Please contact UnitedHealthcare at the number on your ID card for assistance.

Designated Providers and Other Providers

If you have a medical condition that UnitedHealthcare believes needs special services, UnitedHealthcare may direct you to a Designated Provider chosen by UnitedHealthcare. If you require certain complex Covered Health Services for which expertise is limited, UnitedHealthcare may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a

Designated Provider or Designated Physician, UnitedHealthcare may reimburse certain travel expenses at UnitedHealthcare's discretion.

In both cases, Network Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Provider or other provider chosen by UnitedHealthcare.

You or your Network Physician must notify UnitedHealthcare of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider or Designated Physician. If you do not notify UnitedHealthcare in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Provider) or other non-Network provider, Network Benefits will not be paid. Non-Network Benefits may be available if the special needs services you receive are Covered Health Services for which Benefits are provided under the Plan.

Limitations on Selection of Providers

If UnitedHealthcare determines that you are using health care services in a harmful or abusive manner, you may be required to select a Network Physician to provide and coordinate all of your future Covered Health Services. If you don't make a selection within 31 days of the date you are notified, UnitedHealthcare will select a single Network Physician for you. In the event that you do not use the selected Network Physician Covered Health Services will be paid as Non-Network Benefits.

Eligible Expenses

Archdiocese of St. Louis has delegated to the Claims Administrator the initial discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount the Claims Administrator determines that the Plan will pay for Benefits.

- For Designated Network Benefits and Network Benefits for Covered Health Services provided by a Network provider, except for your cost sharing obligations, you are not responsible for any difference between Eligible Expenses and the amount the provider bills.

 - For Covered Health Services that are non-Ancillary Services received at certain Network facilities on a non-Emergency basis from non-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical

Eligible Expenses are determined in accordance with the Claims Administrator's reimbursement policy guidelines or as required by law, as described in the SPD.

Designated Network Benefits and Network Benefits

Eligible Expenses are based on the following:

- When Covered Health Services are received from a Designated Network and Network provider, Eligible Expenses are our contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as arranged by the Claims Administrator, including when there is no Network provider who is reasonably accessible or available to provide Covered Health Services, Eligible Expenses are an amount negotiated by the Claims Administrator or an amount permitted by law. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible. The Plan will not pay excessive charges or amounts you are not legally obligated to pay.

Non-Network Benefits

When Covered Health Services are received from a non-Network provider as described below, Eligible Expenses are determined as follows:

- **For non-Emergency Covered Health Services received at certain Network facilities from non-Network Physicians** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the *Public Health Service Act* with respect to a visit as defined by the Secretary (including non-Ancillary Services that have satisfied the notice and consent criteria but unforeseen urgent medical needs arise at the time the services are provided), the Eligible Expense is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state All Payer Model Agreement.
 - The reimbursement rate as determined by state law.

- The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the non-Network provider and the Claims Administrator.
- The amount determined by Independent Dispute Resolution (IDR).

IMPORTANT NOTICE: For Ancillary Services, non-Ancillary Services provided without notice and consent,, and non-Ancillary Services for unforeseen or urgent medical needs that arise at the time a service is provided for which notice and consent has been satisfied, you are not responsible, and a non-Network Physician may not bill you, for amounts in excess of your applicable Copayment, Coinsurance or deductible which is based on the Recognized Amount as defined in the SPD.

- **For Emergency Health Services provided by a non-Network provider**, the Eligible Expense is based on one of the following in the order listed below as applicable:

 - The reimbursement rate as determined by state law.
 - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the non-Network provider and the Claims Administrator.
 - The amount determined by Independent Dispute Resolution (IDR).

- **For Air Ambulance transportation provided by a non-Network provider**, the Eligible Expense is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state All Payer Model Agreement.
 - The reimbursement rate as determined by state law.
 - The initial payment made by the Claims Administrator, or the amount subsequently agreed to by the non-Network provider and the Claims Administrator.

IMPORTANT NOTICE: You are not responsible, and a non-Network provider may not bill you, for amounts in excess of your Copayment, Coinsurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the SPD.

- **For Emergency ground ambulance transportation provided by a non-Network provider**, the Eligible Expense, which includes mileage, is a rate agreed upon by the non-Network provider or, unless a different amount is required by applicable law, determined based upon the median amount negotiated with Network providers for the same or similar service.

IMPORTANT NOTICE: Non-Network providers may bill you for any difference between the provider's billed charges and the Eligible Expense described here.

When Covered Health Services are received from a non-Network provider, except as described above, Eligible Expense are determined as follows: (i) an amount negotiated by the Claims Administrator, (ii) a specific amount required by law (when required by law), or (iii) an amount the Claims Administrator has determined is typically accepted by a healthcare provider for the same or similar service or an amount that is greater than such rate when elected or directed by the Plan. The Plan will not pay excessive charges. You are responsible for paying, directly to the non-Network provider, the applicable Coinsurance, Copayment, or any deductible. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Coinsurance, Copayment, or any deductible to access the Advocacy Services as described below. Following the conclusion of the Advocacy Services described below, any responsibility to pay more than the Eligible Expense (which includes your Coinsurance, Copayment, and deductible) is yours.

Advocacy Services

The Plan has contracted with the Claims Administrator to provide advocacy services on your behalf with respect to non-network providers that have questions about the Eligible Expenses and how the Claims Administrator determined those amounts. Please call the Claims Administrator at the number on your ID card to access these advocacy services, or if you are billed for amounts in excess of your applicable coinsurance or copayment. In addition, if the Claims Administrator, or its designee, reasonably concludes that the particular facts and circumstances related to a claim provide justification for reimbursement greater than that which would result from the application of the Eligible Expense, and the Claims Administrator, or its designee, determines that it would serve the best interests of the Plan and its Participants (including interests in avoiding costs and expenses of disputes over payment of claims), the Claims Administrator, or its designee, may use its sole discretion to increase the Eligible Expense for that particular claim.

For any inquiries regarding how claim was paid or the amount you are responsible for, please contact UHC at the number on your ID card.

Don't Forget Your ID Card

Remember to show your ID card every time you receive health care services from a provider. If you do not show your ID card, a provider has no way of knowing that you are enrolled under the Plan.

Annual Deductible

The Annual Deductible is the amount of Eligible Expenses, or the Recognized Amount when applicable, you must pay **each calendar year** for Covered Health Services before you are eligible to begin receiving Benefits. The amounts you pay toward your Annual Deductible accumulate over the course of the calendar year.

Any amount you pay for medical expenses in the last three months of the previous calendar year, that is applied to the previous Deductible, will be carried over and applied to the current Deductible. This carry-over feature applies only to the individual Deductible

Amounts paid toward the Annual Deductible for Covered Health Services that are subject to a visit or day limit will also be calculated against that maximum benefit limit. As a result, the limited benefit will be reduced by the number of days or visits you used toward meeting the Annual Deductible.

Coinsurance

Coinsurance is the percentage of Eligible Expenses that you are responsible for paying. Coinsurance is a fixed percentage that applies to certain Covered Health Services after you meet the Annual Deductible.

Coinsurance - Example

Let's assume that you receive Plan Benefits for outpatient surgery from a Network provider. Since the Plan pays 80% after you meet the Annual Deductible, you are responsible for paying the other 20%. This 20% is your Coinsurance.

Out-of-Pocket Maximum

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. There are separate Network and non-Network Out-of-Pocket Maximums for this Plan. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The Out-of-Pocket Maximum applies to all Covered Health Services under the Plan, including Covered Health Services provided in Section 15, *Outpatient Prescription Drugs*.

When a Covered Person was previously covered under a UnitedHealthcare Archdiocesan health plan that was replaced by this Plan, any amount already applied to that Out-of-Pocket maximum provision of the prior plan will apply to the Annual Deductible provision under this Plan.

The following table identifies what does and does not apply toward your Network and non-Network Out-of-Pocket Maximums:

Plan Features	Applies to the Network Out-of-Pocket Maximum?	Applies to the Non-Network Out-of-Pocket Maximum?
Copays for Covered Health Services available in Section 15, <i>Outpatient Prescription Drugs</i> .	Yes	Yes
Payments toward the Annual Deductible	Yes	Yes
Coinsurance Payments	Yes	Yes
Charges for non-Covered Health Services	No	No

Plan Features	Applies to the Network Out-of-Pocket Maximum?	Applies to the Non-Network Out-of-Pocket Maximum?
The amounts of any reductions in Benefits you incur by not notifying the Claims Administrator	No	No
Charges that exceed Eligible Expenses, or the Recognized Amount when applicable.	No	No

SECTION 4 - PERSONAL HEALTH SUPPORT

What this section includes:

- An overview of the Personal Health Support program.
- Covered Health Services for which you need to contact Personal Health Support.

UnitedHealthcare provides a program called Personal Health Support designed to encourage personalized, efficient care for you and your covered Dependents.

Personal Health Support Nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available. A Personal Health Support Nurse is notified when you or your provider calls the number on your ID card regarding an upcoming treatment or service.

If you are living with a chronic condition or dealing with complex health care needs, UnitedHealthcare may assign to you a primary nurse, referred to as a Personal Health Support Nurse to guide you through your treatment. This assigned nurse will answer questions, explain options, identify your needs, and may refer you to specialized care programs. The Personal Health Support Nurse will provide you with their telephone number so you can call them with questions about your conditions, or your overall health and well-being.

Personal Health Support Nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice. As of the publication of this SPD, the Personal Health Support program includes:

- **Admission counseling** - Personal Health Support Nurses are available to help you prepare for a successful surgical admission and recovery. Call the number on your ID card for support.
- **Inpatient care management** - If you are hospitalized, a nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.
- **Readmission Management** - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Personal Health Support Nurse to confirm that medications, needed equipment, or follow-up services are in place. The Personal Health Support Nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.
- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Personal Health Support Nurse to discuss

and share important health care information related to the participant's specific chronic or complex condition.

- **Cancer Management** - You have the opportunity to engage with a nurse that specializes in cancer, education and guidance throughout your care path.
- **Kidney Management** - You have the opportunity to engage with a nurse that specializes in kidney disease, education and guidance with CKD stage 4/5 or ESRD throughout your care path.

If you do not receive a call from a Personal Health Support Nurse but feel you could benefit from any of these programs, please call the number on your ID card.

Requirements for Notifying the Claims Administrator

Network providers are responsible for notifying the Claims Administrator before they provide certain services to you.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for notifying the Claims Administrator before you receive these Covered Health Services. In many cases, your Non-Network Benefits will be reduced if the Claims Administrator is not notified.

Services for which you are required to provide notification are identified in Section 6, *Additional Coverage Details*, within each Covered Health Service Benefit description. Please note that notification timelines apply. Refer to the applicable Benefit description to determine how far in advance you must provide notification.

SECTION 6 – ADDITIONAL COVERAGE DETAILS

What this section includes:

- Covered Health Services for which the Plan pays Benefits.
- Covered Health Services that require you to notify the Claims Administrator before you receive them, and any reduction in Benefits that may apply if you do not call the Claims Administrator .

This section supplements the second table in Section 5, *Plan Highlights*.

While the table provides you with Benefit limitations along with Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply, as well as Covered Health Services for which you must call the Claims Administrator . The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 8, *Exclusions*.

Benefits are provided for services delivered via Telehealth/Telemedicine. Benefits are also provided for Remote Physiologic Monitoring. Benefits for these services are provided to the same extent as an in-person service under any applicable Benefit category in this section unless otherwise specified in the table.

Ambulance Services

The Plan covers Emergency ambulance services and transportation provided by a licensed ambulance service to the nearest Hospital that offers Emergency Health Services. See Section 14, *Glossary* for the definition of Emergency.

Ambulance service by air is covered in an Emergency if ground transportation is impossible or would put your life or health in serious jeopardy. If special circumstances exist, UnitedHealthcare may pay Benefits for Emergency air transportation to a Hospital that is not the closest facility to provide Emergency Health Services.

The Plan also covers transportation provided by a licensed professional ambulance (either ground or Air Ambulance, as UnitedHealthcare determines appropriate) between facilities when the transport is:

- From a non-Network Hospital to a Network Hospital.
- To a Hospital that provides a higher level of care that was not available at the original Hospital.
- To a more cost-effective acute care facility.
- From an acute facility to a sub-acute setting.

In most cases, the Claims Administrator will initiate and direct non-Emergency ambulance transportation. For Non-Network benefits, if you are requesting non-Emergency Air Ambulance services (including any affiliated non-Emergency ground ambulance transport in conjunction with non-Emergency Air Ambulance transport), please remember that you must provide pre-service notification the Claims Administrator as soon as possible prior to the transport. If you do not provide notification as required, Benefits will be subject to a \$300 reduction.

Cellular and Gene Therapy

Cellular Therapy and Gene Therapy received on an inpatient or outpatient basis at a Hospital or on an outpatient basis at an Alternate Facility or in a Physician's office.

Benefits for CAR-T therapy for malignancies are provided as described under Transplantation Services.

Clinical Trials

Benefits are available for routine patient care costs incurred during participation in a qualifying Clinical Trial for the treatment of:

- Cancer or other life-threatening disease or condition. For purposes of this benefit, a life-threatening disease or condition is one from which the likelihood of death is probable unless the course of the disease or condition is interrupted.
- Cardiovascular disease (cardiac/stroke) which is not life threatening, for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.
- Surgical musculoskeletal disorders of the spine, hip and knees, which are not life threatening, for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.
- Other diseases or disorders which are not life threatening for which, as UnitedHealthcare determines, a Clinical Trial meets the qualifying Clinical Trial criteria stated below.

Benefits include the reasonable and necessary items and services used to prevent, diagnose and treat complications arising from participation in a qualifying Clinical Trial.

Benefits are available only when the Covered Person is clinically eligible for participation in the qualifying Clinical Trial as defined by the researcher.

Routine patient care costs for qualifying Clinical Trials include:

- Covered Health Services for which Benefits are typically provided absent a Clinical Trial.
- Covered Health Services required solely for the provision of the Experimental or Investigational Service(s) or item, the clinically appropriate monitoring of the effects of the service or item, or the prevention of complications.

- Covered Health Services needed for reasonable and necessary care arising from the provision of an Experimental or Investigational Service(s) or item.

Routine costs for Clinical Trials do not include:

- The Experimental or Investigational Service(s) or item. The only exceptions to this are:
 - Certain *Category B* devices.
 - Certain promising interventions for patients with terminal illnesses.
 - Other items and services that meet specified criteria in accordance with UnitedHealthcare's medical and drug policies.
- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.
- A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- Items and services provided by the research sponsors free of charge for any person enrolled in the trial.

With respect to cancer or other life-threatening diseases or conditions, a qualifying Clinical Trial is a Phase I, Phase II, Phase III, or Phase IV Clinical Trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and which meets any of the following criteria in the bulleted list below.

With respect to cardiovascular disease or musculoskeletal disorders of the spine, hip and knees and other diseases or disorders which are not life-threatening, a qualifying Clinical Trial is a Phase I, Phase II, or Phase III Clinical Trial that is conducted in relation to the detection or treatment of such non-life-threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

- Federally funded trials. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
 - *National Institutes of Health (NIH)*. (Includes *National Cancer Institute (NCI)*).
 - *Centers for Disease Control and Prevention (CDC)*.
 - *Agency for Healthcare Research and Quality (AHRQ)*.
 - *Centers for Medicare and Medicaid Services (CMS)*.
 - A cooperative group or center of any of the entities described above or the *Department of Defense (DOD)* or the *Veterans Administration (VA)*.
 - A qualified non-governmental research entity identified in the guidelines issued by the *National Institutes of Health* for center support grants.
 - The *Department of Veterans Affairs*, the *Department of Defense* or the *Department of Energy* as long as the study or investigation has been reviewed and approved through a system of peer review that is determined by the *Secretary of Health and Human Services* to meet both of the following criteria:
 - ◆ Comparable to the system of peer review of studies and investigations used by the *National Institutes of Health*.

- ◆ Ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
- The study or investigation is conducted under an investigational new drug application reviewed by the *U.S. Food and Drug Administration*.
- The study or investigation is a drug trial that is exempt from having such an investigational new drug application.
- The Clinical Trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (IRBs) before participants are enrolled in the trial. UnitedHealthcare may, at any time, request documentation about the trial.
- The subject or purpose of the trial must be the evaluation of an item or service that meets the definition of a Covered Health Service and is not otherwise excluded under the Plan.

For Non-Network Benefits, you must obtain prior authorization as soon as the possibility of participation in a Clinical Trial arises. If the Claims Administrator is not notified, Benefits will be subject to a \$300 reduction.

Congenital Heart Disease (CHD) Surgeries

The Plan pays Benefits for Congenital Heart Disease (CHD) surgeries which are ordered by a Physician. CHD surgical procedures include surgeries to treat conditions such as coarctation of the aorta, aortic stenosis, tetralogy of fallot, transposition of the great vessels and hypoplastic left or right heart syndrome.

UnitedHealthcare has specific guidelines regarding Benefits for CHD services. Contact UnitedHealthcare at the number on your ID card for information about these guidelines.

The Plan pays Benefits for Congenital Heart Disease (CHD) services ordered by a Physician and received at a CHD Resource Services program. Benefits include the facility charge and the charge for supplies and equipment. Benefits are available for the following CHD services:

- Outpatient diagnostic testing.
- Evaluation.
- Surgical interventions.
- Interventional cardiac catheterizations (insertion of a tubular device in the heart).
- Fetal echocardiograms (examination, measurement and diagnosis of the heart using ultrasound technology).
- Approved fetal interventions.

CHD services other than those listed above are excluded from coverage, unless determined by the Claims Administrator to be proven procedures for the involved diagnoses. Contact CHD Resource Services at 1-888-936-7246 before receiving care for information about

CHD services. More information is also available at www.myoptumhealthcomplexmedical.com.

If you receive Congenital Heart Disease services from a facility that is not a Designated Provider, the Plan pays Benefits as described under:

- Physician's Office Services – Sickness and Injury.
- Physician Fees for Surgical and Medical Services.
- Scopic Procedures – Outpatient Diagnostic and Therapeutic.
- Therapeutic Treatments – Outpatient.
- Hospital – Inpatient Stay.
- Surgery – Outpatient.

To receive Benefits under the CHD program, you must contact CHD Resource Services at 1-888-936-7246 prior to obtaining Covered Health Services. The Plan will only pay Benefits under the CHD program if CHD provides the proper notification to the Designated Provider performing the services (even if you self refer to a provider in that Network).

It is important that you notify the Claims Administrator regarding your intention to have surgery. Your notification will open the opportunity to become enrolled in programs that are designed to achieve the best outcomes for you.

Please remember, for Designated Network Benefits you must notify the Claims Administrator as soon as the possibility of a CHD surgery arises. If you do not notify the Claims Administrator and if, as a result, the CHD services are not performed at a Designated Provider, Designated Network Benefits will not be paid. (You may request an extension of this time period provided that you do so within 60 days of the Injury and if extenuating circumstances exist due to the severity of the Injury.)

Please note that dental damage that occurs as a result of normal activities of daily living or extraordinary use of the teeth is not considered having occurred as an accident. Benefits are not available for repairs to teeth that are damaged as a result of such activities.

The Plan pays for treatment of accidental Injury only for:

Repairs, including the replacement of essential accessories, such as hoses, tubes, mouth pieces, etc., for necessary DME are only covered when required to make the item/device serviceable and the estimated repair expense does not exceed the cost of purchasing or renting another item/device. Requests for repairs may be made at any time and are not subject to the three year timeline for replacement.

Reconstructive procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Improving or restoring physiologic function means that the organ or body part is made to work better. An example of a reconstructive procedure is surgery on the inside of the nose so that a person's breathing can be improved or restored.

Benefits for reconstructive procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Replacement of an existing breast implant is covered by the Plan if the initial breast implant followed mastectomy. Other services required by the *Women's Health and Cancer Rights Act of 1998*, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact UnitedHealthcare at the number on your ID card for more information about Benefits for mastectomy-related services.

There may be times when the primary purpose of a procedure is to make a body part work better. However, in other situations, the purpose of the same procedure is to improve the appearance of a body part. Cosmetic procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic

function are considered Cosmetic Procedures. A good example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a reconstructive procedure. In other cases, improvement in appearance is the primary intended purpose, which is considered a Cosmetic Procedure. This Plan does not provide Benefits for Cosmetic Procedures, as defined in Section 14, *Glossary*.

The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as a reconstructive procedure.

Please remember that for Non-Network Benefits, you must notify the Claims Administrator five business days before a scheduled reconstructive procedure is performed or, for non-scheduled procedures, within one business day or as soon as is reasonably possible. When you provide notification the Claims Administrator can determine whether the service is considered reconstructive or cosmetic. Cosmetic Procedures are always excluded from coverage. If the Claims Administrator is not notified, Benefits will be subject to a \$300 reduction.

In addition, for Non-Network Benefits, you must contact the Claims Administrator 24 hours before admission for scheduled admissions or as soon as is reasonably possible for non-scheduled admissions. There is no penalty for failing to notify on the pre-admission planning notification requirement.

- Physical therapy.
- Occupational therapy.
- Manipulative Treatment.
- Speech therapy.

- Cardiac rehabilitation.

For all rehabilitation services, a licensed therapy provider, under the direction of a Physician (when required by state law), must perform the services. Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility. Rehabilitative services provided in a Covered Person's home by a Home Health Agency are provided as described under Home Health Care. Rehabilitative services provided in a Covered Person's home other than by a Home Health Agency are provided as described under this section.

Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed Manipulative Treatment or if treatment goals have previously been met. Benefits under this section are not available for maintenance/preventive Manipulative Treatment.

For outpatient rehabilitation services for speech therapy, the Plan will pay Benefits for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, or Congenital Anomaly.

Habilitative Services

For the purpose of this Benefit, “habilitative services” means Covered Health Services that help a person keep, learn or improve skills and functioning for daily living. Habilitative services are skilled when all of the following are true:

- The services are part of a prescribed plan of treatment or maintenance program that is provided to maintain a Covered Person’s current condition or to prevent or slow further decline.
- It is ordered by a Physician and provided and administered by a licensed provider.
- It is not delivered for the purpose of assisting with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- It requires clinical training in order to be delivered safely and effectively.
- It is not Custodial Care.

The Claims Administrator will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. Therapies provided for the purpose of general well-being or conditioning in the absence of a disabling condition are not considered habilitative services. A service will not be determined to be “skilled” simply because there is not an available caregiver.

Benefits are provided for habilitative services provided for Covered Persons with a disabling condition when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist, or Physician.
- The initial or continued treatment must be proven and not Experimental or Investigational.

Benefits for habilitative services do not apply to those services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, educational/vocational training and Residential Treatment are not habilitative services. A service or treatment plan that does not help the Covered Person to meet functional goals is not a habilitative service.

The Plan may require the following be provided:

- medical records,
- other necessary data to allow the Plan to prove medical treatment is needed.

When the treating provider expects that continued treatment is or will be required to allow the Covered Person to achieve progress, the Claims Administrator may request additional medical records.

Benefits for Durable Medical Equipment and prosthetic devices, when used as a component of habilitative services, are described under Durable Medical Equipment and Prosthetic Devices.

Benefits are limited to:

- Spinal or Manipulative Treatment Benefits are limited to \$1,000 per calendar year.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

UnitedHealthcare will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be “skilled” simply because there is not an available caregiver.

Benefits are available only if both of the following are true:

- The initial confinement in a Skilled Nursing Facility or Inpatient Rehabilitation Facility was or will be a Cost Effective alternative to an Inpatient Stay in a Hospital.
- You will receive skilled care services that are not primarily Custodial Care.

- It is ordered by a Physician.

SECTION 9 – CLAIMS PROCEDURES

What this section includes:

- How Network and non-Network claims work.
- What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for meeting the Annual Deductible and paying any Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on your ID card.

Prescription Drug Benefit Claims

If you wish to receive reimbursement for a prescription, you may submit a post-service claim as described in this section if:

- You are asked to pay the full cost of the Prescription Drug Product when you fill it and you believe that the Plan should have paid for it.
- You pay a Coinsurance and you believe that the amount of the Coinsurance was incorrect.

If a pharmacy (retail or mail order) fails to fill a prescription that you have presented and you believe that it is a Covered Health Service, you may submit a pre-service request for Benefits as described in this section.

If Your Provider Does Not File Your Claim

You can obtain a claim form by visiting www.myuhc.com, calling the toll-free number on your ID card or contacting your Benefits Representative. If you do not have a claim form, simply attach a brief letter of explanation to the bill, and verify that the bill contains the information listed below. If any of these items are missing from the bill, you can include them in your letter:

- Your name and address.

- The patient's name, age and relationship to the Participant.
- The number as shown on your ID card.
- The name, address and tax identification number of the provider of the service(s).
- A diagnosis from the Physician.
- The date of service.
- An itemized bill from the provider that includes:
 - The Current Procedural Terminology (CPT) codes.
 - A description of, and the charge for, each service.
 - The date the Sickness or Injury began.
 - A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card. When filing a claim for outpatient Prescription Drug Product Benefits, submit your claim to the pharmacy benefit manager claims address noted on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the non-Network provider the charges you incurred, including any difference between what you were billed and what the Plan paid.

Payment of Benefits

You may not assign, transfer, or in any way convey your Benefits under the Plan or any cause of action related to your Benefits under the Plan to a provider or to any other third party. Nothing in this Plan shall be construed to make the Plan, Plan Sponsor, or Claims Administrator or its affiliates liable for payments to a provider or to a third party to whom you may be liable for payments for Benefits.

The Plan will not recognize claims for Benefits brought by a third party. Also, any such third party shall not have standing to bring any such claim independently, as a Covered Person or beneficiary, or derivatively, as an assignee of a Covered Person or beneficiary.

References herein to "third parties" include references to providers as well as any collection agencies or third parties that have purchased accounts receivable from providers or to whom accounts receivables have been assigned.

As a matter of convenience to a Covered Person, and where practicable for the Claims Administrator (as determined in its sole discretion), the Claims Administrator may make payment of Benefits directly to a provider.

Any such payment to a provider:

- is NOT an assignment of your Benefits under the Plan or of any legal or equitable right to institute any proceeding relating to your Benefits; and
- is NOT a waiver of the prohibition on assignment of Benefits under the Plan; and
- shall NOT estop the Plan, Plan Sponsor, or Claims Administrator from asserting that any purported assignment of Benefits under the Plan is invalid and prohibited.

If this direct payment for your convenience is made, the Plan's obligation to you with respect to such Benefits is extinguished by such payment. If any payment of your Benefits is made to a provider as a convenience to you, the Claims Administrator will treat you, rather than the provider, as the beneficiary of your claim for Benefits, and the Plan reserves the right to offset any Benefits to be paid to a provider by any amounts that the provider owes the Plan (including amounts owed as a result of the assignment of other plans' overpayment recovery rights to the Plan), pursuant to *Refund of Overpayments* in *Section 10: Coordination of Benefits*.

Eligible Expenses due to a non-Network provider for Covered Health Services that are subject to the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)* are paid directly to the provider.

Form of Payment of Benefits

Payment of Benefits under the Plan shall be in cash or cash equivalents, or in the form of other consideration that UnitedHealthcare in its discretion determines to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of amounts the provider owes to other plans for which UnitedHealthcare makes payments, where the Plan has taken an assignment of the other plans' recovery rights for value.

Health Statements

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at www.myuhc.com. You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

Explanation of Benefits (EOB)

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also view and print all of your EOBs online at www.myuhc.com. See Section 14, *Glossary*, for the definition of Explanation of Benefits.

Important – Timely Filing of Non-Network Claims

All claim forms for non-Network services must be submitted within 12 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by Archdiocese of St. Louis. This 12-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Denials and Appeals

If Your Claim is Denied

If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim

If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit urgent care appeals in writing. This communication should include:

- The patient's name and ID number as shown on the ID card.
- The provider's name.
- The date of medical service.
- The reason you disagree with the denial.
- Any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare – Appeals
P.O. Box 30432
Salt Lake City, Utah 84130-0432

For urgent care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

Types of claims

The timing of the claims appeal process is based on the type of claim you are appealing. If you wish to appeal a claim, it helps to understand whether it is an:

- Urgent care request for Benefits.
- Pre-service request for Benefits.
- Post-service claim.
- Concurrent claim.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. If your situation is urgent, your review will be conducted as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call the Claims Administrator at the number listed on your health plan ID card. Generally, an urgent situation is when your life or health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be adequately controlled while you wait for a decision on your claim or appeal.

Review of an Appeal

UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- An appropriate individual(s) who did not make the initial benefit determination.
- A health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Filing a Second Appeal

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from Archdiocese of St. Louis at the Office of Human Resources (314) 792-7546 within 60 days from receipt of the first level appeal determination.

Note: Upon written request and free of charge, any Covered Persons may examine their claim and/or appeals file(s). Covered Persons may also submit evidence, opinions and comments as part of the internal claims review process. Archdiocese of St. Louis will review all claims in accordance with the rules established by the *U.S. Department of Labor*. Any Covered Person will be automatically provided, free of charge, and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required, with: (i) any new or additional evidence considered, relied upon or generated by the Plan in connection with the claim; and, (ii) a reasonable opportunity for any Covered Person to respond to such new evidence or rationale.

External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by Archdiocese of St. Louis, or if Archdiocese of St. Louis fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of Archdiocese of St. Louis's determination. The process is available at no charge to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address provided in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received Archdiocese of St. Louis's decision.

An external review request should include all of the following:

- A specific request for an external review.
- The Covered Person's name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review is comprised of all of the following:

- A preliminary review by UnitedHealthcare of the request.
- A referral of the request by UnitedHealthcare to the IRO.
- A decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.

- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The *IRO* will notify you in writing of the request's eligibility and acceptance for external review and if necessary, for any additional information needed to conduct the external review. You will generally have to submit the additional information in writing to the *IRO* within ten business days following the date you receive the *IRO*'s request for the additional information. The *IRO* is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making Archdiocese of St. Louis's determination. The documents include:

- All relevant medical records.
- All other documents relied upon by Archdiocese of St. Louis.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by Archdiocese of St. Louis. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing Archdiocese of St. Louis determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision agrees with Archdiocese of St. Louis determination, the Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, UnitedHealthcare will determine whether the individual meets both of the following:

- Is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by Archdiocese of St. Louis. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the toll-free number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Timing of Appeals Determinations

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- Urgent care request for Benefits – a request for Benefits provided in connection with urgent care services.
- Pre-Service request for Benefits – a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-urgent care is provided.
- Post-Service – a claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the Claims Administrator's decision letter to you.

The tables below describe the time frames which you and UnitedHealthcare are required to follow.

Limitation of Action

You cannot bring any legal action against Archdiocese of St. Louis or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against Archdiocese of St. Louis or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against Archdiocese of St. Louis or the Claims Administrator.

You cannot bring any legal action against Archdiocese of St. Louis or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against Archdiocese of St. Louis or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against Archdiocese of St. Louis or the Claims Administrator.

SECTION 10 – COORDINATION OF BENEFITS (COB)

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Plan will be coordinated with those of any other plan that provides benefits to you.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies to you if you are covered by more than one health benefits plan, including any one of the following:

- Another employer sponsored health benefits plan.
- A medical component of a group long-term care plan, such as skilled nursing care.
- No-fault or traditional “fault” type medical payment benefits or personal injury protection benefits under an auto insurance policy.
- Medical payment benefits under any premises liability or other types of liability coverage.
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The Secondary Plan may determine its benefits based on the benefits paid by the Primary Plan. How much this Plan will reimburse you, if anything, will also depend in part on the Allowable Expense. The term, “Allowable Expense,” is further explained below.

What Are the Rules for Determining the Order of Benefit Payments?

Order of Benefit Determination Rules

The order of benefit determination rules determine whether this Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When this Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan’s benefits. When this Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. This Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy.
- B. When you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first.
- C. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, former employee under the Continuation of Coverage Plan, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 - 2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the

dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

- (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
- (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
- (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - a) The Plan covering the Custodial Parent.
 - b) The Plan covering the Custodial Parent's spouse.
 - c) The Plan covering the non-Custodial Parent.
 - d) The Plan covering the non-Custodial Parent's spouse.

For purpose of this section, Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

- c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
 - d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.
 - (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.
3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled C.1. can determine the order of benefits.

4. **Continuation of Coverage or State Continuation Coverage.** If a person whose coverage is provided pursuant to the Continuation of Coverage Plan or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the Continuation of Coverage or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled C.1. can determine the order of benefits.
5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the Primary Plan.

How Are Benefits Paid When This Plan is Secondary?

If this Plan is secondary, it determines the amount it will pay for a Covered Health Service by following the steps below.

- The Plan determines the amount it would have paid based on the Allowable expense.
- The Plan pays the entire difference between the Allowable Expense and the amount paid by the Primary Plan, as long as this amount is not more than the Plan would have paid had it been the only plan involved.

You will be responsible for any applicable Copayment, Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you may receive from all plans cannot exceed 100% of the Allowable Expense.

How is the Allowable Expense Determined when this Plan is Secondary?

Determining the Allowable Expense If this Plan is Secondary

What is an Allowable Expense? For purposes of COB, an Allowable Expense is a health care expense that is covered at least in part by one of the health benefit plans covering you.

When the provider is a Network provider for both the Primary Plan and this Plan, the Allowable Expense is the Primary Plan's network rate. When the provider is a network provider for the Primary Plan and a non-Network provider for this Plan, the Allowable Expense is the Primary Plan's network rate. When the provider is a non-Network provider for the Primary Plan and a Network provider for this Plan, the Allowable Expense is the reasonable and customary charges allowed by the Primary Plan. When the provider is a non-Network provider for both the Primary Plan and this Plan, the Allowable Expense is the

greater of the two Plans' reasonable and customary charges. If this plan is secondary to Medicare, please also refer to the discussion in the section below, titled "Determining the Allowable Expense When this Plan is Secondary to Medicare".

What is Different When You Qualify for Medicare?

Determining Which Plan is Primary When You Qualify for Medicare

As permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older (however, domestic partners are excluded as provided by Medicare).
- Individuals with end-stage renal disease, for a limited period of time.
- Disabled individuals under age 65 with current employment status and their Dependents under age 65.

Determining the Allowable Expense When this Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the Allowable Expense, as long as the provider accepts reimbursement directly from Medicare. If the provider accepts reimbursement directly from Medicare, the Medicare approved amount is the charge that Medicare has determined that it will recognize and which it reports on an "explanation of Medicare benefits" issued by Medicare (the "EOMB") for a given service. Medicare typically reimburses such providers a percentage of its approved charge – often 80%.

If the provider does not accept assignment of your Medicare benefits, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare – typically 115% of the Medicare approved amount) will be the Allowable Expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the Allowable Expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, or if you have enrolled in Medicare but choose to obtain services from an Opt-out provider or one that does not participate in the Medicare program or a provider who does not accept assignment of Medicare benefits, Benefits will be paid on a secondary basis under this Plan and will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider.

When calculating the Plan's Benefits in these situations, and when Medicare does not issue an EOMB, for administrative convenience the Claims Administrator will use the provider's billed charges for covered services as the Allowable Expense for both the Plan and Medicare.

If this Plan is secondary to Medicare, it determines the amount it will pay for a Covered Health Services by following the steps below.

- The Plan determines the amount it would have paid had it been the only plan involved.
- The Plan pays the entire difference between the Allowable Expense and the amount paid by the Primary Plan – as long as this amount is not more than the Plan would have paid had it been the only plan involved.

The maximum combined payment you may receive from all plans cannot exceed 100% of the applicable Allowable Expense.

Right to Receive and Release Needed Information?

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. The Claims Administrator may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

The Claims Administrator does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give the Claims Administrator any facts needed to apply those rules and determine benefits payable. If you do not provide the Claims Administrator the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Does This Plan Have the Right of Recovery?

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that the Plan should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Plan Sponsor may recover the amount in the form of salary, wages, or benefits payable under any Plan Sponsor-funded benefit plans, including this Plan. The Plan Sponsor also reserves the right to recover any overpayment by legal action or offset payments on future Eligible Expenses.

If the Plan overpays a health care provider, the Claims Administrator reserves the right to recover the excess amount from the provider pursuant to Refund of Overpayments, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person or any other person or organization that was paid, must make a refund to the Plan if:

- The Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by you, but all or some of the expenses were not paid by you or did not legally have to be paid by you.

- All or some of the payment the Plan made exceeded the Benefits under the Plan.
- All or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, you agree to help the Plan get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for you that are payable under the Plan. If the refund is due from a person or organization other than you, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Plan; or (ii) future Benefits that are payment in connection with services provided to persons under other plans for which the Claims Administrator processes payments, pursuant to a transaction in which the Plan's overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment. The reallocated payment amount will either:

- equal the amount of the required refund, or
- if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan.

The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.

SECTION 11 – RIGHT OF RECOVERY

The Plan also has the right to recover Benefits it has paid on you or your Dependent's behalf that were:

- Made in error.
- Due to a mistake in fact.
- Advanced during the time period of meeting the calendar year Deductible.
- Advanced during the time period of meeting the Out-of-Pocket Maximum for the calendar year.

Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- Require that the overpayment be returned when requested.
- Reduce a future Benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of Benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- Submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan.
- Conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.

SECTION 12 – WHEN COVERAGE ENDS

What this section includes:

- Circumstances that cause coverage to end.
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, Archdiocese of St. Louis will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended.

Your coverage under the Plan will end on the earliest of:

- The last day of the month your employment with the Archdiocese of St. Louis ends.
- The date the Plan ends.
- The last day of the month you stop making the required contributions.
- The last day of the month you are no longer eligible.
- The last day of the month UnitedHealthcare receives written notice from Archdiocese of St. Louis to end your coverage, or the date requested in the notice, if later.
- The last day of the month you retire or are pensioned under the Plan, unless specific coverage is available for retired or pensioned persons and you are eligible for that coverage.

Coverage for your eligible Dependents will end on the earliest of:

- The date your coverage ends.
- The last day of the month you stop making the required contributions.
- The last day of the month UnitedHealthcare receives written notice from Archdiocese of St. Louis to end your coverage, or the date requested in the notice, if later.
- The last day of the month your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide at least thirty days' prior written notice to you that your coverage will end on the date identified in the notice if you commit an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact including, but not limited to, knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the 30-day notice period. The notice will contain information on how to pursue your appeal.

Note: If UnitedHealthcare and Archdiocese of St. Louis find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact Archdiocese of St. Louis has the right to demand that you pay back all Benefits Archdiocese of St. Louis paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

Your coverage ends if you cease active work. However, if you cease active work for the following reasons your Employer may continue your coverage for a limited time, provided you make any required contributions:

- Injury, sickness or pregnancy – 6 months (or)
- Temporary layoff – 3 months (or)
- Approved leave of absence – 12 months.
- Active Duty in the Armed Forces: Your active coverage ends on the date active duty begins in the armed forces in any country. Note: Refer to the Uniformed Services Employment and Reemployment Rights Act for possible continuation of coverage.

Coverage for a Disabled Child

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as:

- The child is unable to be self-supporting due to a mental or physical handicap or disability.
- The child depends mainly on you for support.
- You provide to Archdiocese of St. Louis proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached a certain age.
- You provide proof, upon Archdiocese of St. Louis's request, that the child continues to meet these conditions.

The proof might include medical examinations at Archdiocese of St. Louis's expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days, the Plan will no longer pay Benefits for that child.

Coverage will continue, as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

Continuation of Coverage

Any individual who has been covered under this Plan for *3 months or longer* may elect to continue coverage. Anyone who is covered under another group health care plan at the time he or she becomes eligible for our Continuation of Coverage Plan or is eligible for Medicare cannot participate in this Continuation of Coverage Plan. Continuation of Coverage participant's coverage will terminate when they become eligible for Medicare's health insurance coverage, due to their age or their SSN Medicare disability approved benefit.

Anyone who is covered under a signed separation/severance agreement can participate in this Continuation of Coverage Plan for the limited time of the agreement. You may continue *medical, prescription, vision and dental* benefits that are in force for you and/or your dependents upon the occurrence of certain events that would normally result in termination of coverage under the Plan. Anyone who is covered under another group health care plan, or is eligible for Medicare, or is covered by Medicare when he or she becomes eligible for continuation cannot participate in this Continuation of Coverage Plan. Anyone who is covered under a signed separation/severance agreement can participate in this Continuation of Coverage Plan for the limited time of the agreement.

Who May Continue Coverage, When, and for How Long?

You may continue medical and prescription coverage under the Plan for yourself and your dependents for up to 18 months if your coverage terminates for any of the following reasons:

- If your employment terminates for any reason other than your gross misconduct; or
- If your working hours are reduced and you are no longer considered eligible for coverage under the Plan.

Continuation coverage may extend from 18 months to 29 months for a participant and/or dependent who is disabled (as defined by the Social Security Administration) at the time of termination or reduction of hours, provided that such participant and/or dependent has given notice of the disability within 60 days of the Social Security determination and requested the extended continuation period before the end of the first 18 months.

Your dependents' coverage may be continued for up to 36 months if their coverage terminates for any of the following reasons:

- If you should die; or
- If you become divorced or legally separated from your spouse; or
- If your dependent child no longer meets the definition of an eligible dependent child under the Plan.

If the employee terminates after Medicare entitlement, the employee's spouse/dependents are entitled to Continuation of Coverage for the longer of:

- 18 months from the date of the qualifying event (employee resignation/termination)
- 36 months from the date the employee became eligible for Medicare

However, if the employee terminates employment just one month before Medicare entitlement, the spouse and dependents are entitled to Continuation of Coverage for up to 18 months.

When Continued Coverage Ends

The continued coverage will end for any person when:

- The cost of continued coverage is not paid on or before the date it is due; or

- That person becomes entitled to Medicare due to their age **or** their SSN Medicare disability approved benefit; or
- That person is covered or becomes covered under another group health care plan; or
- The Plan terminates for *all* employees; or
- That person has been in the continued coverage plan for applicable maximum time frame.

The individual must submit payment to WEX Health via automatic withdrawal or personal check for all premium charges on a timely basis. The health insurance plan will be terminated at the end of the month in the event of lack of payment for the month payment it is not received.

Schedule of Benefits for Continued Coverage

Medical, Prescription, Dental, and Vision benefits will remain the same as the coverage in force for active employees.

Notice Responsibilities

Once the Archdiocese of St. Louis is notified of an employee's termination from an employer, the administrator for Continuation of Coverage, Wex Health, will be notified that either the Continuation of Coverage or Early Retiree Plan will be offered. Wex Health, the administrator will then send a Welcome Letter with information about electing coverage and submitting premium payments. The administrator will administer the plans and collect the premiums. It is your responsibility or that of your spouse to notify WEX Health and the Archdiocesan Office of Human Resources, if you become divorced or legally separated. It is

your responsibility or that of your covered child to notify WEX Health and the Office of Human Resources if your dependent child no longer qualifies as a covered dependent under the Plan. Uniformed Services Employment and Reemployment Rights Act

A Participant who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Participant and the Participant's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Participants may elect to continue coverage under the Plan by notifying the Plan Administrator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Plan Administrator normally pays on a Participant's behalf. If a Participant's Military Service is for a period of time less than 31 days, the Participant may not be required to pay more than the regular contribution amount, if any, for continuation of health coverage.

A Participant may continue Plan coverage under USERRA for up to the lesser of:

- The 24 month period beginning on the date of the Participant's absence from work.
- The day after the date on which the Participant fails to apply for, or return to, a position of employment.

Regardless of whether a Participant continues health coverage, if the Participant returns to a position of employment, the Participant's health coverage and that of the Participant's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on a Participant or the Participant's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.

- Your relationship with UnitedHealthcare and Archdiocese of St. Louis.

- Information and records.
- Incentives to providers and you.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and Archdiocese of St. Louis

In order to make choices about your health care coverage and treatment, Archdiocese of St. Louis believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- Archdiocese of St. Louis and UnitedHealthcare do not decide what care you need or will receive. You and your Physician make those decisions.
- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive (the Plan pays for Covered Health Services, which are more fully described in this SPD).

- The Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

Archdiocese of St. Louis and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. Archdiocese of St. Louis and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. Archdiocese of St. Louis and UnitedHealthcare will use de-identified data for commercial purposes including research.

Relationship with Providers

The Claims Administrator has agreements in place that govern the relationships between it and Archdiocese of St. Louis and Network providers, some of which are affiliated providers. Network providers enter into agreements with the Claims Administrator to provide Covered Health Services to Covered Persons.

Archdiocese of St. Louis and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, Archdiocese of St. Louis and UnitedHealthcare arrange for health care providers to participate in a Network and administer payment of Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not Archdiocese of St. Louis's employees nor are they employees of UnitedHealthcare. Archdiocese of St. Louis and UnitedHealthcare are not responsible for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

Archdiocese of St. Louis is solely responsible for:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the service fee to UnitedHealthcare.
- The funding of Benefits on a timely basis.
- Notifying you of the termination or modifications to the Plan.

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient. You:

- Are responsible for choosing your own provider.

- Are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Coinsurance, any deductible and any amount that exceeds Eligible Expenses.
- Are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- Must decide if any provider treating you is right for you (this includes Network providers you choose and providers to whom you have been referred).
- Must decide with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and Archdiocese of St. Louis is that of employer and employee, Dependent or other classification as defined in this SPD.

Interpretation of Benefits

Archdiocese of St. Louis and UnitedHealthcare have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under the Plan.
- Interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD, the Schedule of Benefits and any Addendums, SMMs and/or Amendments.
- Make factual determinations related to the Plan and its Benefits.

Archdiocese of St. Louis and UnitedHealthcare may delegate this discretionary authority to other persons or entities including Claims Administrator's affiliates that may provide services in regard to the administration of the Plan. The identity of the service providers and the nature of their services may be changed from time to time in Plan Sponsor's and the Claims Administrator's discretion. In order to receive Benefits, you must cooperate with those service providers.

In certain circumstances, for purposes of overall cost savings or efficiency, Archdiocese of St. Louis may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that Archdiocese of St. Louis does so in any particular case shall not in any way be deemed to require Archdiocese of St. Louis to do so in other similar cases.

Information and Records

Archdiocese of St. Louis and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. Archdiocese of St. Louis and UnitedHealthcare may request additional information from you to decide your claim for Benefits. Archdiocese of St. Louis and UnitedHealthcare will keep this information confidential. Archdiocese of St. Louis and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish Archdiocese of St. Louis and UnitedHealthcare with all information or copies of records relating to the services provided to you, including provider billing and provider payment records. Archdiocese of St. Louis and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have signed the Participant's enrollment form. Archdiocese of St. Louis and UnitedHealthcare agree that such information and records will be considered confidential.

Archdiocese of St. Louis and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as Archdiocese of St. Louis is required to do by law or regulation. During and after the term of the Plan, Archdiocese of St. Louis and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements Archdiocese of St. Louis recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, Archdiocese of St. Louis and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

Incentives to Providers

Network providers may be provided financial incentives by UnitedHealthcare to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness.
- A practice called capitation which is when a group of Network providers receives a monthly payment from UnitedHealthcare for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.
- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Services for a particular procedure or medical condition. The applicable Copayment and/or Coinsurance will be calculated based on the provider type

that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Copayment and/or Coinsurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Services that are not considered part of the inclusive bundled payment and those Covered Health Services would be subject to the applicable Copayment and/or Coinsurance as described in your Section 5 *Schedule of Benefits*.

The Claims Administrator uses various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with the Claims Administrator includes any financial incentives, the Claims Administrator encourages you to discuss those questions with your provider. You may also call the Claims Administrator at the telephone number on your ID card. The Claims Administrator can advise whether your Network provider is paid by any financial incentive, including those listed above.

Incentives to You

Sometimes you may be offered coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to participate is yours alone but Archdiocese of St. Louis recommends that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. You may call the number on your ID card if you have any questions. Additional information may be found in Section 7, *Clinical Programs and Resources*.

Rebates and Other Payments

Archdiocese of St. Louis and UnitedHealthcare may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. Archdiocese of St. Louis and UnitedHealthcare may pass a portion of these rebates on to you. When rebates are passed on to you, they may be taken into account in determining your Coinsurance.

Workers' Compensation Not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Future of the Plan

Although the Company expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Company does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.

Plan Document

This Summary Plan Description (SPD) represents an overview of your Benefits. If there is a conflict between this SPD and any benefit summaries (other than Summaries of Material Modifications) provided to you, this SPD will control.

Review and Determine Benefits in Accordance with UnitedHealthcare Reimbursement Policies

UnitedHealthcare develops its reimbursement policy guidelines, in its sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that UnitedHealthcare accepts.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), UnitedHealthcare's reimbursement policies are applied to provider billings. UnitedHealthcare shares its reimbursement policies with Physicians and other providers in UnitedHealthcare's Network through UnitedHealthcare's provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by UnitedHealthcare's reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts the Plan does not pay, including amounts that are denied because one of UnitedHealthcare's reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of UnitedHealthcare's reimbursement policies for yourself or to share with your non-Network Physician or provider by going to www.myuhc.com or by calling the telephone number on your ID card.

UnitedHealthcare may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, UnitedHealthcare will use a comparable methodology(ies).

UnitedHealthcare and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to UnitedHealthcare's website at **www.myuhc.com** for information regarding the vendor that provides the applicable methodology.

Medicare Eligibility

Benefits under the Plan are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Plan.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Plan), you should enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if the Plan is the secondary payer as described in Section 10, *Coordination of Benefits*, the Plan will pay Benefits under the Plan as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a Medicare Advantage (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Plan), you should follow all rules of that plan that require you to seek services from that plan's participating providers. When the Plan is the secondary payer, the Plan will pay any Benefits available to you under the Plan as if you had followed all rules of the Medicare Advantage plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Unproven Services – health services, including medications and devices, regardless of U.S. Food and Drug Administration (FDA) approval, that are not determined to be effective for treatment of the medical condition or not determined to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

- UnitedHealthcare has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, UnitedHealthcare issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) the Claims Administrator and Plan Sponsor may, at their discretion, consider an otherwise Unproven Service to be a Covered Health Care Service for that Sickness or condition. Urgent care is usually delivered in a walk-in setting and without an appointment. Urgent care facilities are a location, distinct from a hospital emergency department, an office or a clinic. Prescription Drug Product Coverage Highlights

The table below provides an overview of the Plan's Prescription Drug Product coverage. It includes Copay amounts that apply when you have a prescription filled at a Network or non-Network Pharmacy. For detailed descriptions of your Benefits, refer to *Retail* and *Mail Order* in this section.

You are responsible for paying the Annual Deductible stated in Section 5, under the *Payments and Terms* table before Benefits for Prescription Drug Products under this section are available to you.

Benefits for Prescription Drug Products on the List of Preventive Medications are not subject to payment of the Annual Deductible.

Note: The Annual Deductible applies to all Covered Health Services under the Plan, including Covered Health Services provided in Section 6, *Additional Coverage Details*. The Out-of-Pocket Maximum applies to all Covered Health Services under the Plan, including Covered Health Services provided in Section 6, *Additional Coverage Details*.

Coupons: UnitedHealthcare may not permit certain coupons or offers from pharmaceutical manufacturers to reduce your Copayment and/or Coinsurance or apply to your Annual Drug Deductible. You may access information on which coupons or offers are not permitted through the Internet at www.myuhc.com or by calling the number on your ID card.

If a Brand-name Drug Becomes Available as a Generic

If a Brand-name Prescription Drug Product becomes available as a Generic drug, the tier placement of the Brand-name Prescription Drug Product may change. As a result, your Copay may change. You will pay the Copay applicable for the tier to which the Prescription Drug Product is assigned.

Notification Requirements

Before certain Prescription Drug Products are dispensed to you, it is the responsibility of your Physician, your pharmacist or you to notify UnitedHealthcare or its designee. The reason for notifying UnitedHealthcare or its designee is to determine if the Prescription

Drug Product, in accordance with UnitedHealthcare's approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service as defined by the Plan.
- It is not an Experimental or Investigational or Unproven Service, as defined in Section 14, *Glossary*.

The Plan may also require you to notify UnitedHealthcare or its designee so UnitedHealthcare can determine whether the Prescription Drug Product, in accordance with UnitedHealthcare's approved guidelines, was prescribed by a Specialist Physician.

Network Pharmacy Notification

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for notifying UnitedHealthcare.

Non-Network Pharmacy Notification

When Prescription Drug Products are dispensed at a non-Network Pharmacy, you or your Physician are responsible for notifying UnitedHealthcare as required.

If UnitedHealthcare is not notified before the Prescription Drug Product is dispensed, you may pay more for that Prescription Drug Product order or refill. You will be required to pay for the Prescription Drug Product at the time of purchase. The Prescription Drug Products requiring prior authorization are subject to UnitedHealthcare's periodic review and modification. You may determine whether a particular Prescription Drug Product requires prior authorization through the Internet at **www.myuhc.com** or by calling the telephone number on your ID card.

If UnitedHealthcare is not notified before the Prescription Drug Product is dispensed, you can ask UnitedHealthcare to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. UnitedHealthcare contracted pharmacy reimbursement rates (our Prescription Drug Charge) will not be available to you at a non-Network Pharmacy. You may seek reimbursement from the Plan as described in Section 9, *Claims Procedures*.

When you submit a claim on this basis, you may pay more because you did not notify UnitedHealthcare before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy), less the required Copayment and/or Coinsurance and any Deductible that applies.

To determine if a Prescription Drug Product requires notification, either visit **www.myuhc.com** or call the number on your ID card. The Prescription Drug Products requiring notification are subject to UnitedHealthcare's periodic review and modification.

Benefits may not be available for the Prescription Drug Product after UnitedHealthcare reviews the documentation provided and determines that the Prescription Drug Product is

not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

UnitedHealthcare may also require notification for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable notification, participation or activation requirements associated with such programs through the Internet at **www.myuhc.com** or by calling the number on your ID card.

Benefit Levels

Benefits are available for outpatient Prescription Drug Products that are considered Covered Health Services.

The Plan pays Benefits at different levels for tier-1, tier-2 and tier-3 Prescription Drug Products. All Prescription Drug Products covered by the Plan are categorized into these three tiers on the Prescription Drug List (PDL). The tier status of a Prescription Drug Product can change periodically, generally quarterly but no more than six times per calendar year, based on the Prescription Drug List Management Committee's periodic tiering decisions. When that occurs, you may pay more or less for a Prescription Drug Product, depending on its tier assignment. Since the PDL may change periodically, you can visit **www.myuhc.com** or call UnitedHealthcare at the number on your ID card for the most current information.

Each tier is assigned a Copay, which is the amount you pay when you visit the pharmacy or order your medications through mail order. Your Copay will also depend on whether or not you visit the pharmacy or use the mail order service - see the table shown at the beginning of this section for further details. Here's how the tier system works:

- Tier-1 is your lowest Copay option. For the lowest out-of-pocket expense, you should consider tier-1 drugs if you and your Physician decide they are appropriate for your treatment.
- Tier-2 is your middle Copay option. Consider a tier-2 drug if no tier-1 drug is available to treat your condition.

- Tier-3 is your highest Copay option. The drugs in tier-3 are usually more costly. Sometimes there are alternatives available in tier-1 or tier-2.

For Prescription Drug Products at a retail Network Pharmacy, you are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy's Usual and Customary Charge for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, you are responsible for paying the lower of:

- The applicable Copay.
- The Prescription Drug Charge for that particular Prescription Drug.

Retail

The Plan has a Network of participating retail pharmacies, which includes many large drug store chains. You can obtain information about Network Pharmacies by contacting UnitedHealthcare at the number on your ID card or by logging onto **www.myuhc.com**.

To obtain your prescription from a retail pharmacy, simply present your ID card and pay the Copay. The Plan pays Benefits for certain covered Prescription Drug Products:

- As written by a Physician.
- Up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.
- When a Prescription Drug is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copay that applies will reflect the number of days dispensed.

If you purchase a Prescription Drug from a non-Network Pharmacy, you will be required to pay full price and will not receive reimbursement under the Plan.

Note: Pharmacy Benefits apply only if your prescription is for a Covered Health Service, and not for Experimental or Investigational, or Unproven Services. Otherwise, you are responsible for paying 100% of the cost.

Mail Order

The mail order service may allow you to purchase up to a 90-day supply of a covered maintenance drug through the mail. Maintenance drugs help in the treatment of chronic illnesses, such as heart conditions, allergies, high blood pressure, and arthritis.

To use the mail order service, all you need to do is complete a patient profile and enclose your Prescription Order or Refill. Your medication, plus instructions for obtaining refills, will arrive by mail about 14 days after your order is received. If you need a patient profile form, or if you have any questions, you can reach UnitedHealthcare at the number on your ID card.

The Plan pays mail order Benefits for certain covered Prescription Drug Products:

- As written by a Physician.
- Up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size or based on supply limits.

These supply limits do not apply to Specialty Prescription Drug Products, including Specialty Prescription Drug Products on the List of Preventive Medications. Specialty Prescription Drug Products from a Mail Order Network Pharmacy are subject to the supply limits stated below under the heading *Specialty Prescription Drug Products*.

You may be required to fill an initial Prescription Drug Product order and obtain one refill through a retail pharmacy prior to using a mail order Network Pharmacy.

Note: To maximize your Benefit, ask your Physician to write your Prescription Order or Refill for a 90-day supply, with refills when appropriate. You will be charged a mail order Copay for any Prescription Order or Refill if you use the mail order service, regardless of the number of days' supply that is written on the order or refill. Be sure your Physician writes your mail order or refill for a 90-day supply, not a 30-day supply with three refills.

Benefits for Preventive Care Medications

Benefits under the Prescription Drug Plan include those for Preventive Care Medications as defined under *Glossary - Prescription Drug Products*. You may determine whether a drug is a Preventive Care Medication through the internet at www.myuhc.com or by calling UnitedHealthcare at the number on your ID card.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, UnitedHealthcare may direct you to a Designated Pharmacy with whom it has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the Non-Network Benefit for that Prescription Drug Product.

Smart Fill Program - Split Fill

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Copayment or Coinsurance. The Covered Person will receive a 15-day supply of their Specialty Prescription Drug Product to determine if they will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact the Covered Person each time prior to

dispensing the 15-day supply to confirm if the Covered Person is tolerating the Specialty Prescription Drug Product. You may find a list of Specialty Prescription Drug Products included in the Smart Fill Program, through the internet at www.myuhc.com or by calling the telephone number on your ID card.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If you require Specialty Prescription Drug Products, the Claims Administrator may direct you to a Designated Pharmacy with whom the Claims Administrator has an arrangement to provide those Specialty Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Specialty Prescription Drug Product from a Designated Pharmacy, you will be subject to the Non-Network Benefit for that Specialty Prescription Drug Product.

Please see the Prescription Drug Glossary in this section for definitions of Specialty Prescription Drug and Designated Pharmacy.

Please see the Prescription Drug Glossary in this section for the definition of Select Prescription Drug.

Want to lower your out-of-pocket Prescription Drug costs?

Consider tier-1 Prescription Drug Products, if you and your Physician decide they are appropriate.

Assigning Prescription Drug Products to the PDL

UnitedHealthcare's Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on UnitedHealthcare's behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are most cost effective for specific indications as compared to others, therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed, or according to whether it was prescribed by a Specialist Physician.

The PDL Management Committee may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

Note: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access **www.myuhc.com** through the Internet or call the number on your ID card for the most up-to-date tier status.

Prescription Drug, Prescription Drug List (PDL), and Prescription Drug List (PDL) Management Committee are defined at the end of this section.

Prescription Drug List (PDL)

The Prescription Drug List (PDL) is a tool that helps guide you and your Physician in choosing the medications that allow the most effective and affordable use of your Prescription Drug Benefit.

Prescription Drug Benefit Claims

For Prescription Drug Product claims procedures, please refer to Section 9, *Claims Procedures*.

Limitation on Selection of Pharmacies

If UnitedHealthcare determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, UnitedHealthcare may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date the Plan Administrator notifies you, UnitedHealthcare will select a single Network Pharmacy for you.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits as stated in the table under the heading *Prescription Drug Product Coverage Highlights*. For a single Copayment and/or Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit. Whether or not a Prescription Drug Product has a supply limit is subject to UnitedHealthcare's periodic review and modification.

Note: Some products are subject to additional supply limits based on criteria that the Plan Administrator and UnitedHealthcare have developed, subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply.

Special Programs

Archdiocese of St. Louis and UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as

adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at **www.myuhc.com** or by calling the number on your ID card.

Prescription Drug Products Prescribed by a Specialist Physician

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist Physician. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit through the Internet at **www.myuhc.com** or by calling the number on your ID card.

Step Therapy

Certain Prescription Drug Products for which Benefits are described in this section or Pharmaceutical Products for which Benefits are described in this SPD under your medical Benefits are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products and/or Pharmaceutical Products you are required to use a different Prescription Drug Product(s) or Pharmaceutical Product(s) first.

You may determine whether a particular Prescription Drug Product or Pharmaceutical Product is subject to step therapy requirements by visiting **www.myuhc.com** or by calling the number on your ID card.

Rebates and Other Discounts

UnitedHealthcare and Archdiocese of St. Louis may, at times, receive rebates for certain drugs included on the PDL, including those drugs that you purchase prior to meeting any applicable deductible. As determined by UnitedHealthcare, the Plan may pass a portion of these rebates on to you. When rebates are passed on to you they may be taken into account in determining your Copayment and/or Coinsurance.

UnitedHealthcare and a number of its affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug* section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug* section. UnitedHealthcare is not required to pass on to you, and does not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, UnitedHealthcare may send mailings or provide other communications to you, your Physician or your pharmacy that communicate a variety of messages, including information about Prescription Drug Products. These communications may include offers that enable you, at your discretion, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

ATTACHMENT I - HEALTH SAVINGS ACCOUNT

What this attachment includes:

- About Health Savings Accounts.
- Who is eligible and how to enroll.
- Contributions.
- Additional qualified health expense coverage available with your Health Savings Account.
- Using the HSA for Non-Qualified Expenses.
- Rolling over funds in your HSA.

Introduction

This attachment to the Summary Plan Description (SPD) describes some key features of the Health Savings Account (HSA) that you establish as part of the Choice Plus Qualified High Deductible Health Plan. In particular, and except as otherwise indicated, this attachment will address the Health Savings Account, and not the high deductible health plan that is associated with the "HSA".

Archdiocese of St. Louis has entered into an agreement with Optum, Inc., 11000 Optum Circle Eden Prairie, MN 55344 ("Optum") under which Optum will provide certain administrative services to the Plan.

UnitedHealthcare does not insure the benefits described in this attachment. Further, note that it is the Plan's intention to comply with *Department of Labor* guidance set forth in Field Assistance Bulletin No. 2004-1, which specifies that an HSA is not an ERISA plan if certain requirements are satisfied.

The HSA described in this section is not an arrangement that is established and maintained by Archdiocese of St. Louis. Rather, the HSA is established and maintained by the HSA trustee. However, for administrative convenience, a description of the HSA is provided in this section.

About Health Savings Accounts

You gain choice and control over your health care decisions and expenditures when you establish your HSA to complement the high deductible medical plan described in the SPD.

An HSA is an account funded by you, your employer, or any other person on your behalf. The HSA can help you to cover, on a tax-free basis, medical plan expenses that require you to pay out-of-pocket, such as Deductibles or Coinsurance. It may even be used to pay for, among other things, certain qualified health expenses not covered under the medical plan design. Amounts may be distributed from the HSA to pay non-qualified health expenses; however, these amounts are subject to income tax and may be subject to 20 % penalty.

You have three tools you can use to meet your health care needs:

- Choice Plus QHDHP, a high deductible medical plan which is discussed in your Summary Plan Description.
- An HSA you establish.
- Health information, tools and support.

Benefits available under your medical plan are described in your medical plan Summary Plan Description (SPD).

What is an HSA?

An HSA is a tax-advantaged account Employees can use to pay for qualified health expenses they or their eligible dependents incur, while covered under a high deductible medical plan. HSA contributions:

- Accumulate over time with interest or investment earnings.
- Are portable after employment.
- Can be used to pay for qualified health expenses tax-free or for non-health expenses on a taxable basis.

Eligibility

The Qualified High Deductible Health Savings Account plan will be offered to all benefit eligible employees; however, employees must be eligible for an HSA in order to elect this plan. The eligibility rules to open, contribute to, or receive any employer contributions to a Health Savings Account are:

- Must be enrolled in an HSA Qualified High Deductible Health Plan, such as the one offered by the Archdiocese of St. Louis.
- Not eligible to be claimed as a dependent on another's tax return.
- Not enrolled in any part of Medicare Do not have any disqualifying coverage, such as:
 - Medicare
 - Medicaid
 - TriCare
 - Indian Health Services
 - PPO Plan
 - Non-qualified High Deductible Health Plan
 - HRA
 - Healthcare FSA

Contributions

Contributions to your HSA can be made by you, by your employer or by any other individual. All funds placed into your HSA are owned and controlled by you, subject to any reasonable administrative restrictions imposed by the trustee.

Employer Contributions: All employees who elect this plan will receive an annual contribution from their employer to their HSA, \$600 for Employee Only and \$1,200 for EE+1 or EE+Family. The Employer HSA contribution amount will be prorated for those that enroll in the plan mid-year. Employer contributions are subject to change annually.

Employee Contributions: All employees who elect this plan will have the opportunity to elect HSA pre-tax deductions to be deposited into their HSA. Employees may change their election amount a maximum of once per month.

Contributions can be made to your HSA beginning on the first day of the month you are enrolled in the Health Savings Account until the earlier of (i) the date on which you file taxes for that year; or (ii) the date on which the contributions reach the contribution maximum.

Note that if coverage under a qualified high deductible health plan terminates, no further contributions may be made to the HSA.

The contribution maximum is the single and family limits set by federal regulations. Individuals between the ages of 55 and Medicare entitlement age may contribute additional funds monthly to their HSA up to the maximum allowed by federal regulations. **The maximum limits set by federal regulations may be found on the IRS website at www.irs.gov.**

If you enroll in your HSA within the year (not on January 1) you will still be allowed to contribute the maximum amount set by federal regulations. However, you must remain enrolled in a high deductible health plan and HSA until the end of the 12th month from your initial enrollment or you will be subject to tax implications and an additional tax of 10%.

Note: Amounts that exceed the contribution maximum are not tax-deductible and will be subject to an excise tax unless withdrawn as an "excess contribution" prior to April 15th of the following year.

Reimbursable Expenses

The funds in your HSA will be available to help you pay your or your eligible dependents' out-of-pocket costs under the medical plan, including Annual Deductibles and Coinsurance. You may also use your HSA funds to pay for medical care that is not covered under the medical plan design but is considered a deductible qualified health expense for federal income tax purposes under Section 213(d) of the Internal Revenue Code of 1986, as amended from time to time. Such expenses are "qualified health expenses". Please see the description of *Additional Qualified Health Expenses Coverage Available With Your Health Savings Account* below, for additional information. HSA funds used for such purposes are not subject to income or excise taxes.

"Qualified health expenses" only include the medical expenses of you and your eligible dependents, meaning your Spouse and any other family members whom you are allowed to file as dependents on your federal tax return, as defined in Section 152 of the Internal Revenue Code of 1986, as amended from time to time.

HSA funds may also be used to pay for non-qualified health expenses but will generally be subject to income tax and a 20% additional tax unless an exception applies (i.e., your death, your disability, or your attainment of age 65).

Additional Qualified Health Expense Coverage Available with Your Health Savings Account

A complete description of, and a definitive and current list of what constitutes eligible qualified health expenses, is available in IRS Publication 502 which is available from any regional IRS office or IRS website.

If you receive any additional medical services and you have funds in your HSA, you may use the funds in your HSA to pay for the qualified health expenses. If you choose not to use your HSA funds to pay for any Section 213(d) expenses that are not Covered Health Services, you will still be required to pay the provider for services.

The monies paid for these additional qualified health expenses will not count toward your Annual Deductible or Out-of-Pocket Maximum.

Using the HSA for Non-Qualified Expenses

You have the option of using funds in your HSA to pay for non-qualified health expenses. A non-qualified health expense is generally one which is not a deductible qualified health expense under Section 213(d) of the Internal Revenue Code of 1986. Any funds used from your HSA to pay for non-qualified expenses will be subject to income tax and a 20% additional tax unless an exception applies (i.e., your death, your disability, or your attainment of age 65).

In general, you may not use your HSA to pay for other health insurance without incurring a tax. You may use your HSA to pay for the Continuation of Coverage premiums and Medicare premiums.

Rollover Feature

If you do not use all of the funds in your HSA during the calendar year, the balance remaining in your HSA will roll-over. If your employment terminates for any reason, the funds in your HSA will continue to be owned and controlled by you, whether or not you elect Continuation of Coverage for the accompanying high deductible health plan, as described in your medical plan SPD.

If you choose to transfer the HSA funds from one account to another eligible account, you must do so within 60 days from the date that HSA funds are distributed to you to avoid paying taxes on the funds. If you elect the Continuation of Coverage Plan, the HSA funds will be available to assist you in paying your out-of-pocket costs under the medical plan and Continuation of Coverage premiums while Continuation of Coverage is in effect.

Important

Be sure to keep your receipts and medical records. If these records verify that you paid qualified health expenses using your HSA, you can deduct these expenses from your taxable income when filing your tax return. However, if you cannot demonstrate that you used your HSA to pay qualified health expenses, you may need to report the distribution as taxable income on your tax return. Archdiocese of St. Louis and UnitedHealthcare will not verify that distributions from your HSA are for qualified health expenses. Consult your tax advisor to determine how your HSA affects your unique tax situation.

The IRS may request receipts during a tax audit. Archdiocese of St. Louis and the Claims Administrator are not responsible or liable for the misuse by Employees of HSA funds by, or for the use by Employees of HSA funds for non-qualified health expenses.

Additional Information About the HSA

It is important for you to know the amount in your HSA account prior to withdrawing funds. You should not withdraw funds that will exceed the available balance.

Upon request from a health care professional, Optum may provide the health care professional with information regarding the balance in your HSA. At no time will Optum provide the actual dollar amount in your HSA, but they may confirm that there are funds sufficient to cover an obligation owed by you to that health care professional. If you do not want this information disclosed, you must notify the Claims Administrator and the financial institution in writing.

You can obtain information about your HSA account by contacting Optum at 1.866.234.8913 or www.optumbank.com. You may also consult your tax advisor with any questions.

ATTACHMENT II - HEALTH CARE REFORM NOTICES

Patient Protection and Affordable Care Act ("PPACA")

Patient Protection Notices

The Claims Administrator generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the Claims Administrator's network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the Claims Administrator at the number on your ID card.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the Claims Administrator or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the Claims Administrator's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Claims Administrator at the number on your ID card.

ATTACHMENT III - LEGAL NOTICES

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, the Plan provides Benefits under the Plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health Plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization or notify the Claims Administrator. For information on notification or prior authorization, contact your issuer.
